## STREET & GARDEN PARTIES

**We believe that the more connected we are, the more we can do, together.**

### VE Day 80 Street and Home Garden Parties (throughout the day)

Even though Thursday 8th May 2025 is not a public holiday, we encourage those with country parks and streets that can be closed, along with those that have gardens to hold street and garden parties decked in flags and bunting, dressing up in fancy dress or uniform, along with those communities that have town, village and community halls etc, to organise VE Day 80 parties within them, decorating them in a similar fun way.

We also encourage care homes and children's homes, hospitals, schools, pubs, hotels and restaurants etc, to undertake similar events throughout the day in celebration of this important Anniversary. This would be a great, and simple way for schools to take part, especially at lunch-time.
